Highly motivated and detail-oriented translator with a strong command of English, Amharic, and Tigrinya. Adept at conveying complex ideas across languages while maintaining cultural nuances. Proven ability to deliver accurate and idiomatic translations across various subject areas, including personal development, self-help books, legal documents, and technical materials. Eager to leverage computer science background and technical know-how to excel in technical and software localization projects.

EXPERIENCE

December 2020 - Current

Translator and Transcriptionist *Ethiostar Translation and Localization Company*

- Translated various documents including legal contracts, marketing materials, technical manuals, personal development books, and court documents from multiple countries
- Transcribed audio recordings from Amharic and Tigrinya to English, maintaining clarity and speaker intent
- Assisted project managers in research and terminology management for technical localization projects.

December 2020 - Current

Translator *International Republican Institute (IRI)*

- Translated political analysis reports, policy papers, and media monitoring reports
- Provided translations for various IRI programs and initiatives related to democracy, human rights, and governance
